

*I received the Table Grape Scholarship in 2020 and recently graduated last June. I just wanted to thank you and your team for the scholarship. I really do not know how I would have attended college without it.*

*I am now preparing to enter the 2025-26 medical school application cycle and I credit the scholarship for allowing me to get to this point.*

*Thank you again, I appreciate it so much!!*

*Best regards,*
